

Welcome to SkillMill, Wesley Woods new digital learning platform!

SKILLMILL

What is SkillMill?

SkillMill is the world's leading skilled trades training platform developed by [Interplay Learning](#). Its award-winning digital and VR training simulations develop on-the-job skills quickly and efficiently, building better careers and better lives for the essential skilled trades.

What Makes SkillMill Different from Other Learning Platforms?

SkillMill is the world's first Comersive Learning platform designed for skilled trades professionals. Comersive Learning enables you to accelerate job readiness and technical skills by combining simulation training experiences with social learning. This unique combination will prepare you for real-world jobs better and faster than anything else on the market.

Getting Started with SkillMill

You should be receiving an email with your username and password. Watch this [short introductory video](#) to learn how to [login to your training](#) and how the SkillMill training platform works.

Device Accessibility

Video courses are playable on all devices. The 3D training simulations can be accessed via tablet, laptop computer, desktop computer or VR headset. **You do not need to have a VR headset to use the training.**

Setting up your device

1. Use Chrome as your browser.
2. Test your internet connection:
<https://skilledtrades.interplaylearning.com/performance.html>
3. If you're on your Windows laptop or desktop computer, we also highly recommend [downloading our desktop app](#) for the best simulation and VR experience.

Frequently Asked Questions

What's Included in my Training?

The SkillMill platform includes short, expert-led video courses, 3D simulations, assessments, knowledge checks and learning paths – all to help you advance your technical skills faster and more efficiently than with traditional training methods. Read a detailed breakdown of how training with SkillMill works.

What Courses do I Get Access to?

With your login, you will have on-demand access to the entire SkillMill course library, including videos and simulation courses in HVAC, plumbing, electrical, facility maintenance and more. Courses cover beginner to advanced content, and the catalog is ever-expanding with new courses and features continuously being released to make your learning experience more powerful.

Which Courses do I take?

Courses or learning paths specific to your position will be assigned to you by your manager. However, with access to the entire content library, you are also encouraged to enroll in as many courses or modules that interest you. Use the search function to find content on specific subject matter to build your skills and knowledge.

Do my courses count towards NATE certification?

Interplay Learning is one of only two online training partners approved by NATE, and can prepare you to sit for any NATE Certified HVACR Professional-5 Exam on your chosen pathway to certification. You can earn continuing education credits by completing certain courses within the SkillMill platform.

Is there a SkillMill community group?

Yes! Join the SkillMill Skilled Trades User Group on Facebook and receive support from your peers and industry experts.

What if I need technical support?

For technical support, please visit the Interplay Learning Help Center.
